DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-6 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. In lines 29-30 of claim 1, the recitation "said movable bolt engaged with a belt allowing vertical movement" is not supported by the originally filed disclosure, and therefore represents new matter. Claims 2-6 are indefinite since each depends from the indefinite independent claim.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which

Art Unit: 3636

applicant regards as the invention. In line 16 of claim 1, it is unclear if "said movable seat frame" is intended to be the previously set forth "movable internal seat cushion frame" or the previously set forth "movable internal seat back frame". Consistency in terminology is required. In line 29 of claim 1, "said movable bolt travel" lacks proper antecedent basis. In line 3 of claim 4, "said means to collapse" lacks proper antecedent basis. In line 6 of claim 5, it is unclear what the recitation "impacted vehicle" is intended to represent. In lines 4-7 of claim 6, "the absorption of crash energy and minimalization of interaction between said seat and said vehicle" lacks proper antecedent basis. Claims 2 and 3 are indefinite since each depends from an indefinite claim.

Allowable Subject Matter

Claims 1-6 contain allowable subject matter; however note that indefiniteness must be rectified before the claims can be allowed.

Drawings

The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. The movable bolt engaged with a belt allowing vertical movement has not been shown. No new matter should be entered.

Response to Amendment/Arguments

Art Unit: 3636

Applicant's response filed July 30, 2004 has been fully considered. Remaining issues are outlined in the above sections. The Examiner provides the following suggestions:

1. In line 16 of claim 1, change "seat frame" to - internal seat cushion frame- -.
2. In line 29 of claim 1, delete the first occurrence of "said".
3. In claim 1, delete all new matter.
4. In line 3 of claim 4, delete the first occurrence of "said".
5. In line 6 of claim 5, insert - -an- - after "from".
6. In line 4 of claim 6, delete "the".

In addition to the above suggestions, it is suggested that Applicant provide a comma after "cushion" in line 20 of claim 1; insert - -the- - after "into" in line 5 of claim 4, and delete "the" at the end of line 5 of claim 4.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

Art Unit: 3636

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
